It is important that Town Meeting understand that a vote of favorable action on this and the next article will be considered by the selectmen as Town Meeting approval for the Youth Office to purchase a building at 1440 Commercial Street with HUD funds. ARTICLE 23. (By Request of the Youth Coordinator). RECOMMENDED: Favorable Action and the sum of $4,500.00. (E & D)

ditional cost of long term borrowing occasioned by the accelerated sewer installation project; or take any other action in relation thereto.

RECOMMENDED: Favorable Action with the sum to be calculated at Town Meeting.

It is impossible for the Appropriations Committee to calculate the amount necessary for this year's bonding until Article 1 of this Town Meeting has been acted upon.

ARTICLE 28. (By Request of the Town Treasurer). To see what sum of money the Town will vote to raise and appropriate by transfer from available funds for the purpose of elevating a Senior Clerk in the Treasurer's Department to the position of Payroll System Administrator as recommended by the Personnel Board and its Consultant; or take any other action in relation thereto.

RECOMMENDED: Favorable Action and the sum of $20,000.00. (E & D)

ARTICLE 31. (By Direction of the Board of Selectmen at the Request of the Town Compensation Agent). To see if the Town will vote to raise and appropriate by transfer from available funds the sum of $25,000.00, to be added to the damages account, Item #92, (Medical Expenses), for the purpose of meeting the increase in hospital and accident room rates and physician's fees through fiscal year 1978; or take any other action in relation thereto.

ARTICLE 33. (By Direction of the Board of Selectmen). To see what sum of money the Town will vote to raise and/or appropriate by transfer from available funds for the purpose of rewiring the Town Hall in order to meet wiring standards and to permit air conditioning to be installed for the various Town department offices; or take any other action in relation thereto.

RECOMMENDED: Defer to next Special Town Meeting.

The Appropriations Committee has not received necessary information to make recommendations.

ARTICLE 34. (By Request of Registered Voters of the Town of Weymouth). To see if the Town will vote to amend its by-laws to read:

"Notwithstanding the provisions of any Town of Weymouth By-Law to the contrary, the Veterans Agent, Executive Secretary to the Board of Selectmen, the Inspector of Buildings shall not, after three years credible service, fail in reappointment, be removed, discharged or suspended until they be given a show cause hearing before the Personnel Board, at which time the selectmen or any other party shall appear, testify and show cause why such action is appropriate. Said failure in reappointment, removal, discharge or suspension shall not become effective until the Personnel Board has deemed it based on good, sufficient and just cause."

or take any other action in relation thereto.

RECOMMENDED: To refer to the Standing Municipal Operations Study Committee established at the April 4, 1977 Annual Town Meeting.

ARTICLE 35. (By Request of Registered Voters of the Town of Weymouth). To see if the Town will vote to amend Section 306 of the by-laws of the Town by adding after the words "non-payment of taxes", the following:

"all such cases of real estate with or without buildings thereon with an assessed valuation of $2,000 or more shall be made by public auction, after proper notice has been published in a newspaper of general circulation in the Town, once in each of two successive weeks, the first publication to be not less than fourteen days before day of the auction",

and by adding the word "other" after the word "all" after the second comma.

So that Section 306 will read as follows:

The Board of Selectmen shall have the authority to sell or otherwise dispose of personal property and any real estate of which the Town has possession or title, including all property taken for non-payment of taxes, all such cases of real estate with or without buildings thereon with an assessed valuation of $2,000 or more shall be made by public auction, after proper notice has been published in a newspaper of general circulation in the Town, once in each of two successive weeks, the first publication to be not less than fourteen days before day of the auction, all other such cases of sale to be made by public auction or private sale as the Selectmen may deem for the best interest of the Town, and the Board or Officer in charge of any other Town Department may, with the approval of the Board of Selectmen, sell at public auction or private sale, as the Board of Selectmen may approve, any personal property belonging to said Department which in the opinion of the Officer or Board in charge of the Department is no longer needed by the Town and which in the opinion of the Selectmen is not needed by any other Department, provided that in each case involving real estate, a majority of the Planning Board, Board of Public Works, Park Commissioners, Conservation Commission and Historical Commission respectively vote to concur in the opinion that the property will not be needed for parks, playground or other public use, or take any other action in relation thereto.

BOND ISSUE – FALL 1977

	Subtotal	422,891	3,880
	GRAND TOTAL	$3,641,973	$102,321

Proposals:

A. The bond issue would be for 3.2 million dollars.

B. Items 6 and 7 would be combined and their sum $343,680 scheduled to be completed through the annual school budget over the next 5 years at a cost of approximately $69,000 for the first year.

C. Items 8 through 11 would be included in the 1978-79 school budget totaling $79,212.

Conclusions:

Items 6 and 7 are capital items that would save money by doing them now because of inflation. They do not, however, have an energy savings impact or a compounding of work to be done due to further deterioration such as masonry or roof work.

Items 8 through 11 were removed because their type of work did not total $100,000 individually and are items that could be included in the normal school maintenance budget.

Comments:

The maintenance article in the Special Town Meeting Warrant would realize a saving to the Town of $1,658,078.00 over the next ten years, given the following conditions:

– That a bond issue can be financed at 5%.

– That the identified items will have to be done within the next ten years.

– That the inflation rate for construction continues to climb at a rate of approximately 10% per year over the next ten years. Over the last 5 years fire alarm costs have increased 65% and fuel costs, 192%. Roof replacement costs increased 30% last year alone.

Area of Savings: (10-year totals)

Insurance Reductions	$ 30,578
Fuel Consumption Change	607,526
Repair Account	5,099,974
	$5,738,078
Less Cost of Bond Issue	4,080,000
TOTAL SAVINGS	1,658,078

The repair projects are identified by the consultants as necessary at the present time. Delay will cause further deterioration and higher repair cost in the future. The advantage of energy and premium savings, the avoidance of future escalated costs due to greater deterioration plus inflation, should also include the improved learning environment for the student.

The following is offered to explain the need for the requested transfer of funds for the purpose of facilitating a recycling program in the Town of Weymouth. This, in essence, would "beef up" the existing regular collection fleet, cutting back the necessity of standby emergency breakdown replacements and freeing a truck for curbside recyclables collection.
